Diving in Maldives: The maximum depth for diving in the Maldives is 30 metres with an equally qualified buddy. Your maximum diving depth will be dependent on your level of training and experience. It is your responsibility to check what depths your insurance policy covers you for before your arrival.

Unpredictable and strong currents are to be expected anytime, but especially in periods of new and full moons.

We recommend that you are certified to 30 metres and are comfortable with drift dives.

Decompression diving, solo diving and technical diving is strictly prohibited.

Diving for Qualified Divers: As qualified divers you are expected to be able to dive to a standard as per the certification and experience requirements outlined. You are responsible for your own and your buddy's safety during the dive and to plan your dive and dive your plan by using a personal dive computer. You must begin, execute and end the dive with your dive buddy. Should you be a single diver a buddy will be allocated in resort.

Experienced Divers can dive in a buddy pair unguided. **Inexperienced and beginner divers** may find some dives challenging, a Private Guide can be arranged to help build up your diving confidence and experience.

Check in at the diving centre: Please check in at the diving centre the afternoon before your first day's diving, best time would be around 5pm.

Essential paperwork; remember to bring to the diving centre on your first day:

- Logbook with your most recent dives in
- Valid diving association certification proof
- Valid travel insurance
- A copy of valid diving insurance details per person (translated in English by your insurance company if not already) stating the start and ending date of the diving cover with the exact diving insurance covered by the policy. - Booking voucher and holiday details (from your travel agency if not booked direct with Emperor Maldives).

Scuba Review & Check Dive: Many agencies recommend a Scuba Review if it has been longer than six months since your last dive. Emperor Maldives advises divers to follow the agency recommendation for safety reasons. The Scuba Review should be booked in advance and takes place on your first day or alternatively, should be completed prior to your arrival in resort and signed by an instructor in your diving logbook.

Every diver, regardless of their qualification or experience will be scheduled to dive their first dive at local/sheltered dive site. This dive allows you to orientate yourself in your diving environment and acquaint yourself with your equipment. In the interests of safety, Emperor Maldives reserves the right to insist on a Scuba Review or to restrict diving activities if the instructor has any concerns regarding diver safety.

The Dive Guides: For all diving sites visited our dive guides will give you a detailed and comprehensive dive briefing before you enter the water. All Emperor Maldives' have a minimum of two guides on board. When the guide is in the water they will remain with the group to navigate the site and to look out for any interesting marine life to show you. The dive guide will not provide any dive training during the dive and you and buddy dive together at your own risk. The guides may decide upon seeing each diver's ability not to enter the water for every dive and will remain onboard providing surface support only.

We ask all snorkelers to wear a floatation aid at all times. Whilst every effort will be made for non-diving guests wishing to snorkel or guests wanting to try scuba diving, some itineraries or dive locations may not be permitted for safety reasons.

The Captain: An important man! He will decide, along with the dive guides, where you go and when. Often dive sites can look like a millpond on the surface and to the uninitiated seems perfectly acceptable to dive. However, if the captain and guides say no, please accept their decision. Safety is the foremost concern of our knowledgeable captain and dive guides. The sea is a dangerous place when not respected, so please accept the alternative plan as best you can.

Dive Sites: All dive sites are subject to various unpredictable changes including weather conditions and changes in Maldivian Government approval. Whilst Emperor Maldives make every effort we cannot guarantee diving at specific sites. In adverse weather conditions the guides and captain of the boat will have the final decision about which dive sites to visit to ensure that the guests, staff and boats safety is not compromised in any way.
